~~Anatomical Sciences Education~~

The range for gross anatomy is  
55 to 252 hours, for microscopic  
anatomy 20 to 160 hours, for

# Access Free Anatomical Sciences Gross Anatomy

neuroscience is 9 to 180 hours,  
and for embryology 3 to 65. This  
finding suggests that total course  
hours are a function of  
institutional curricular design and  
that no institution has identified a  
magical number of hours that are  
necessary when presenting
