~~False Memory is yet another example of suspense and bone chilling imagery. Koontz' characters are developed so well and are so realistic that you often forget they are fictional. He even finds ways to bring subtle humor into the most disturbing of events, for example "Dusty was thinking so hard that the wax would have I've been reading this book for about 3 months...finally finished it last night.~~

~~False Memory by Dean Koontz - Goodreads~~

~~False Memory. It's a fear more paralyzing than falling. More terrifying than darkness. More horrifying than anything you can imagine. It's the one fear you cannot escape, no matter where you run . . . no matter where you hide. It's the fear of yourself. It's real.~~

~~False memories of sexual abuse lead to terrible ...~~

In psychology, a false memory is a phenomenon where a person recalls something that did not happen or recalls it differently from the way it actually happened. Suggestibility, activation of associated information, the incorporation of misinformation, and source misattribution have been suggested to be several mechanisms underlying a variety of types of false memory phenomena.
