Language attrition is the process of losing a native or

# Online Library Incomplete Acquisition In Bilingualism Re Examining The Age Factor

first, language. This process is generally caused by both isolation from speakers of the first language and the acquisition and use of a second language, which interferes with the correct production and comprehension of the first. Such interference from a second language is likely experienced to some extent by all bilinguals, but is most evident among speakers for whom a language other than their first has started to play an important, if n

should provide the cues), but logically by extension, that acquisition at some point did not obtain. So, if some property was indeed acquired and then eroded, irrespective of what the variables are to explain the loss, then the property in question was in fact completely acquired at some point of development.
