Integrated care. Nursing, midwifery and care. The Chief Nurse at Buckinghamshire Healthcare NHS Trust believes that nurses play a key role in developing and delivering integrated care. Here, she outlines some ways that the Buckinghamshire Integrated Care System is facilitating their work: Integrated care systems (ICSs) may sometimes come across as a complicated new development, but for me the concept is simple: everyone working together as one team caring for the local population.

Integrating Community Service Into Nursing Education A ...

Community services play a key role in keeping people well, treating and managing acute illness and long-term conditions, and supporting people to live independently in their own homes. Community services are central to plans for the future of the health and care system. The NHS's new long-term plan sets out ambitions to 'boost "out-of-hospital" care, and finally dissolve the historic divide between primary and community health services'.
